

Zero Wall Bed Recliner Mechanism

Our factory specializes in manufacturing of zero wall bed recliner mechanism, looking forward to your purchase.

This zero wall bed recliner mechanism uses a standard tilt adjuster motor, with zero wall function and seat extension of 330mm. It is applicable to the sectional corner seat function or chassis rest function, and can be extended to the TV bed with fully relaxed feet. The appropriate seat width can save more living room space than the production section.

Product Description

Sliding Sofabed Mechanism

LINKREST as one of the famous **Zero Wall Bed Recliner Mechanism** manufacturers and suppliers in China.
